School Overview

North Eton State School is a small school situated approximately 35 kilometres west of Mackay in Queensland. Our vision is to build confident, happy, self-directed learners in a caring, family environment through supportive yet challenging educational opportunities. When students leave Year 6 we want them to be knowledgeable, skilled, reflective and creative thinkers. We want them to be emotionally resilient youths who are prepared emotionally and socially for the transition to high school and other everyday life challenges. In our multi-age setting, students are encouraged to progress at the rate that best suits their ability rather than set year level programs. Personalised intervention and extension programs are a feature of our regular classroom practices. To ensure a balanced education, a range of extra-curricular activities are offered. These include chess, science engineering challenges, rock band, interschool sporting events, public speaking and whole-school excursions. North Eton school students have represented our school at state level for chess, Opti-Minds Science Engineering Challenges and a number of sporting events including athletics and basketball.

Principal's Foreword

Introduction

North Eton State School has a commitment to catering to individual learning needs and ensuring that our school's vision for "*building confident, lifelong learners in a caring, family environment*" is the key message and core value underpinning all our teaching, learning and communications. Our shared vision is to enable children to reach their full potential in a variety of academic, cultural, social and extra-curricular areas, giving children every opportunity to extend their abilities.

Community plays a large part in providing support and direction for the school vision and is welcomed at all times to be a part of daily learning experiences and school management. North Eton is a wonderful school that boasts a staff who have many years of combined experience in education and who are dedicated to providing students with a caring and supportive learning environment.

Teaching and learning flourish at North Eton State School with the passionate commitment of community, friends and staff who are willing to advance children through carefully directed curriculum goals where children feel comfortable enough to take risks as learners and be proud of their learning achievements by having many opportunities to showcase their skills to the wider community and to promote the excellent outcomes achieved at this school.

At North Eton students are guided towards achieving respect for themselves and others, and are all on a continued journey together. Staff and community ensure that the school has a strong focus and vision for our children and their education to assist them with their immediate learning needs and potential futures.

The School Annual Report provides an outline of the school's continued growth and remarkable achievements for 2016 as well as identifying priorities for 2017. Our School Annual Report will be made accessible to people without the internet, with copies available from our school office and notifications of publication in the school newsletter

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2014	9	6	3		89%
2015*	14	8	6		100%
2016	10	6	4		91%

Student counts are based on the Census (August) enrolment collection.

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

Characteristics of the Student Body

Overview

North Eton was once the centre for sugar milling in the Pioneer Valley, now, with the closure of the mill, North Eton has become a quiet community with most people working either in Mackay or “over the hill” in the mines. Unfortunately student numbers declined significantly over the past five years due to a number of social, economic and environment reasons, however currently, enrolments are on the increase.

Over 50% of the students who attend North Eton State School don't reside within the immediate community and travel by car to school each day.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2014	2015*	2016
Prep – Year 3	9	14	10
Year 4 – Year 7			

Curriculum Delivery

Our Approach to Curriculum Delivery

The school has a strong focus on English skills with mornings dedicated to literacy development and the middle session of the day focused on Mathematics. Due to the small number of students, attention to each child's achievement is closely monitored with the teacher and teacher aides working closely to promote each child's development. This is reflected in their current progress in school related and systemic tasks. Due to our cohort size we cannot report on student results, however each year we aim to improve the literacy and numeracy outcomes in the school by achieving 100% of students meeting the national minimum standards in the Year 3 and 5 NAPLAN tests.

Co-curricular Activities

Students are offered a rich variety of academic, cultural, sporting, citizenship and social skills at North Eton State School. Participation in such activities enhances student confidence, builds resilience and develops skills such as teamwork and tolerance – all vital qualities if students are to maximize life's opportunities. Due to the small cohort of students at the school, staff attempts to involve the students in as many activities with other small schools as practically possible.

Activities include:

ACADEMIC

- Premier's Reading Challenge participation
- Leadership Courses and Conferences
- Transition to Prep Program
- Whitsunday Voices

CULTURAL

- NAIDOC week celebrations
- Musical Performance (end of year)

SPORTING

- Pioneer Valley Interschool Sporting Events
- Various sporting trials
- Swimming Lessons

CITIZENSHIP

- Anzac Day ceremony
- Remembrance Day

How Information and Communication Technologies are used to Assist Learning

At North Eton State School students use technology as an integral part of their learning in everyday situations. The computer/student ratio is high, with students being able to access a computer when they need to. Classroom computers are accessed by a server so children have access to working files at all times. There are two Electronic Whiteboards at the school that allow students to develop their knowledge around keyless technologies and promotes active pedagogy. iDevices such as iPods and iPads are also utilised within class time to develop skills in a range of Key Learning Areas.

Social Climate

Overview

Parent, Student and Staff Satisfaction

From data gathered from school opinion surveys, 100% of parents reported that they were either **satisfied** or **very satisfied** with the behaviour of students and thought that their child was treated fairly at North Eton State School. The same numbers of parents were **satisfied** or **very satisfied** that their child was happy to go to this school and with the student discipline at the school during 2016. Parents and staff continued to work together to enhance the learning opportunities provided at our school. Each day students learn and achieve to the best of their ability. Our school remains a happy, safe and stimulating environment for the students.

In 2016, the school had no Disciplinary Absences. As per the school's Responsible Behaviour Plan, we acknowledge that students, staff and parents have responsibilities in regards to being part of the school community. At North Eton State School we foster a Bully Free environment. Staff use positive reinforcement to build self-esteem and assist with providing a safe learning environment in the classroom and playground.

Due to the small cohort at North Eton, each student has an individualised and differentiated program to suit their specific needs. Staff take great care to ensure that the conditions are just right for learning to occur. They treat the well-being and safety of students as paramount importance for students to succeed and achieve.

Parents are welcomed into the school and classroom at all times to engage with students and the curriculum. Parents volunteer to assist with reading each morning and attend open days to celebrate student learning and achievement. Parent-teacher meetings are highly attended and parents and staff communicate through a range of avenues.

Parent and community engagement

Parents and family members are integral stakeholders within the school community and are invited to play an active role in their child's education. Historically parents have high expectations on their child's learning, the school's curriculum program and the work being done at the school.

In 2016, the school P&C maintained numbers and continued to be very supportive of the school, staff and students.

Parents are involved in transporting and assisting with the supervision of children for various extra-curricular activities such as open days, concerts, culminating activities and classroom support.

Parents are invited to assist with our whole school reading programme "every hour of every day" where all children receive 1:1 learning support for reading. Parents and teachers speak to each other frequently with the school's "open door policy". Formal interviews about children's progress are held at regular semester intervals. The P&C are also updated regularly about classroom plans and achievements and newsletters and updates are sent home regularly to foster a strong communication link between home and school.

Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. This is being addressed through the Australian Curriculum HPE

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	0	0	0
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Environmental Footprint

Reducing the school's environmental footprint

At North Eton State School, staff, students and the community are conscious of the environmental impact the school makes. Rain water tanks are used for drinking and general use, recycling bins are actively used in the classroom and playgrounds, and solar panels are used to offset the power usage.

Future practices have been identified to help supplement those practices already implemented, and thus help to further reduce North Eton State School's environmental footprint

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	5,917	0
2014-2015	7,964	
2015-2016	14,273	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

At North Eton State School, we believe that everyday counts. Our school requests that student absences (including late arrivals and early departures) must be accompanied with a note or a phone call from the parent explaining why. The school roll is marked twice a day at 8:30 a.m. and 1:30p.m. Students arriving after this time are marked as late. Absentee codes are kept to record late arrivals, illnesses, and other planned and unplanned absences. Parents are contacted via text message by 10:00am when a student is absent from school. Long term absences are followed through with letters and personal, direct communications with the principal.
